

BULLYING PREVENTION AND INTERVENTION PLAN

This policy circular only applies to School Year 2023-2024.

Boston Renaissance Charter Public School statement against Bullying

Boston Renaissance Charter Public School will not tolerate any unlawful or disruptive behavior, including bullying, harassment, cyberbullying, discrimination, retaliation, or hate crimes in all forms and types towards others in school or at school-related activities. Boston Renaissance Charter Public School will promptly investigate all reports and complaints of bullying and take prompt, effective action to end that behavior and prevent its recurrence. Action will include, where appropriate, referral to a law enforcement agency. Boston Renaissance Charter Public School will support this Bullying Prevention and Intervention Plan in all aspects of its activities, including its curriculum, instructional programs, staff development, parent meetings/training, and extracurricular activities. Students who are concerned or want to report bullying may confidently talk to a trusted staff member or place a note in one of our Bully reporting mailboxes. The Student Handbook and the Boston Renaissance Charter Public School Code of Conduct are updated annually to assure alignment, to include language prohibiting bullying and cyberbullying, and to clearly define the consequences connected to it. The Directors and administrators at all levels in the Boston Renaissance Charter Public School play a critical role in the ongoing development and implementation of the Bullying Prevention and Intervention Plan in the context of other whole school and community efforts to promote a positive school climate. Directors and Bully Prevention Coordinator have a primary role in teaching students to be civil to one another and promoting understanding of and respect for diversity and difference. Directors and Bully Prevention Coordinator have a responsibility for setting priorities and for staying up to date with current research on ways to prevent and effectively respond to bullying.

The Boston Renaissance Charter Public School will not tolerate any unlawful or disruptive behavior, including any form of bullying, cyberbullying, or retaliation, in our school buildings, on school grounds, on school buses and at school bus stops, on a school bus or other vehicle owned, leased, or through the use of technology or an electronic device owned, leased, and or in school-related activities. Boston Renaissance Charter Public School will promptly investigate all reports and complaints of bullying, cyberbullying, and retaliation and take prompt action to end that behavior and restore the target's sense of safety. The Boston Renaissance Charter Public School will support this commitment in all aspects of our school community, including curriculum, instructional programs, staff development, extracurricular activities, and parent/guardian/caregiver involvement.

A student who knowingly makes a false accusation of bullying will be subject to disciplinary action as defined by the BRCPS Code of Conduct.

The Boston Renaissance Charter Public School Bullying Prevention and Intervention Plan has been approved by the Massachusetts Department of Elementary and Secondary Education and is posted on the school's website (www.bostonrenaissance.org). Copies of this plan shall be posted and readily

accessible in school in an area visible to parents/guardians/caregivers and staff. The Plan will be reviewed and updated biennially, as mandated by M.G.L. c. 71, § 37O.

PUBLIC INVOLVEMENT

As required by M.G.L. c. 71, § 37O, this Plan has been developed in consultation with various constituencies. The Boston Renaissance Charter Public School will meet biennially with parents/guardians/caregivers, teachers, school administrators, students, and community stakeholders to develop this Plan. Consultation will include, at a minimum, notice and a public comment period prior to adoption.

STATEMENT OF PURPOSE

The Boston Renaissance Charter Public School believes that school communities serve as a network of support for its diverse students, families, and staff. We are committed to providing our students with equal educational opportunities and a safe and welcoming learning environment where all student community members treat each other with respect and appreciate the rich diversity in our school. Under M.G.L. Ch. 71, § 37O, at the beginning of each school year, schools will provide the community, including administrators, external providers, staff, students, and parents/guardians/caregivers, with written notice of its policies for reporting acts of bullying and retaliation. A description of the reporting procedures and resources, including the name and contact information of the Director(s)/Head of School or designee and a copy of the Bullying Incident Reporting Form, information about the Boston Renaissance Charter Public School Bullying Prevention and Intervention Plan shall be incorporated in student and staff handbooks, on the school website, and made available to parents/guardians/caregivers. BRCPS will provide and post the available resources in the school's main office, the school's website, the counseling office, the school nurse's office, and other locations determined by the Director(s)/Head of School or designee.

The Boston Renaissance Charter Public School recognizes that certain students may be more vulnerable to become targets of bullying, harassment, or teasing based on actual or perceived characteristics, including race, color, religion, ancestry, national origin, sex, socioeconomic status, homelessness, academic status, gender identity or expression, physical appearance, or sensory disability, or by association with a person who has or is perceived to have one or more of these characteristics. The Boston Renaissance Charter Public School will continuously work to identify specific steps it will take to create a safe, supportive environment for vulnerable populations in the school community, and provide all students with the skills, knowledge, and strategies to prevent or respond to bullying, harassment, or teasing.

POLICIES AND PROCEDURES FOR REPORTING AND RESPONDING TO BULLYING AND RETALIATION

To support efforts to respond promptly and effectively to bullying and retaliation, the Boston Renaissance Charter Public School has policies and procedures in place for receiving and responding to reports of bullying or retaliation. These policies and procedures ensure that members of the school community – students, parents/guardians/caregivers, and staff – know what will happen when incidents of bullying are reported or occur (Attachment 1).

The Boston Renaissance Charter Public School, in accordance with MA Law M.G.L. c. 71, § 37O, has designated the Director(s) or designee as the person responsible for receiving reports, recording incidents, and investigating all incidents. The Director(s)/Head of School or designee is responsible for responding to and resolving all cases. All investigations, including the target, aggressor, investigation, findings, and plan shall be submitted to the Bully Prevention Coordinator within five school days, and findings of bullying shall be documented in the BRCPS Student Information System (SIS).

A. REPORTING BULLYING OR RETALIATION

Reports of bullying or retaliation can be made by staff, students, parents/guardians/caregivers or others, and can be submitted through the Bully Prevention Coordinator at (617)-357-0900 ext. 5319 or directly by Bullying Prevention Incident Reporting Form. Allegations may also be submitted via email (gperry@brcps.school) or through the Bullying Incident Reporting Form (Attachment 2).

All employees are required to report immediately to the Director(s)/Head of School or designee, any instance of bullying or retaliation the staff member becomes aware of or witnesses. Reports made by students, parents/guardians/caregivers, or other non-employees may be made anonymously (see Attachment 3). Use of the Boston Renaissance Charter Public School Bullying Prevention and Intervention Reporting Form is not required as a condition to making a report.

1. Reporting by Staff

A staff member shall report immediately to the Director(s)/Head of School or designee when he/she witnesses or becomes aware of conduct that may be bullying or retaliation. The requirement to report to

the Director(s)/Head of School or designee does not limit the authority of the staff member to respond to behavioral or disciplinary incidents consistent with each school's policies and procedures for behavior management and discipline.

2. Reporting by Students, Parents/Guardians/Caregivers, and Others

Boston Renaissance Charter Public School expects students, parents/guardians/caregivers, and others who witness or become aware of an instance of bullying or retaliation involving a student to report it to the Director(s)/Head of School or designee. Reports may be made anonymously or not by calling the Bully Prevention Coordinator at (617) 357-0900 ext 5319. No disciplinary action will be taken against an alleged aggressor solely on the basis of an anonymous report. Students, parents/guardians/caregivers, and others may request assistance from a staff member to complete a written report. Students will be provided practical, safe, private, and age-appropriate ways to report and discuss an incident of bullying with a staff member or with the Director(s)/Head of School.

3. Responding to a report of bullying or retaliation

Before fully investigating the allegations of bullying or retaliation, the Director(s)/Head of School or designee will take steps to assess the need to restore a sense of safety to the alleged target and/or to protect the alleged target from possible further incidents. The Director(s)/Head of School or designee shall contact the parents/guardians/caregivers prior to any investigation. Notice will be consistent with state regulations at 603 CMR 49.00.

Responses to promote safety may include, but not be limited to, creating a personal safety plan; pre-determining seating arrangements for the target and/or the aggressor in the classroom, at lunch, or on the bus; identifying a staff member who will act as a "safe person" for the target; altering the aggressor's schedule and access to the target. The Director(s)/Head of School or designee will take additional steps to promote safety during the course of and after the investigation, as necessary.

The Director(s)/Head of School or designee will implement appropriate strategies for protecting from bullying or retaliation any student who has reported bullying or retaliation, a student who has witnessed bullying or retaliation, a student who provides information during an investigation, or a student who has reliable information about a reported act of bullying or retaliation. The confidentiality of students and witnesses reporting alleged acts of bullying will be maintained to the extent possible, given the school's obligation to investigate the matter.

4. New Reporting Requirements to the Department

Boston Renaissance Charter Public School will annually report bullying incident data to the Massachusetts Department of Elementary and Secondary Education. The data shall include, but not be limited to: (i) the number of reported allegations of bullying or retaliation; (ii) the number and nature of substantiated incidents of bullying or retaliation; (iii) the number of students disciplined for engaging in bullying or retaliation; and (iv) any other information required by the department. Data collected on allegations is an aggregate count, by Boston Renaissance Charter Public School. No student level or incident level data required for allegations.

Boston Renaissance Charter Public School will track allegations of bullying/retaliation so that an accurate count can be provided at the end of the school year. The counts will be entered into the annual School Safety and Discipline Report (SSDR) application at the end of the school year, and will be populated to certify the SSDR submission.

Additionally, as required by Chapter 86, of the Acts of 2014, which amended G.L. c. 71, §37O, the Boston Renaissance Charter Public School will administer a Department-developed student survey at least once every four years to assess “school climate and the prevalence, nature and severity of bullying in schools.” (G.L. c. 71, §37O(k)). Similar tools to the student survey can be used with faculty, staff, and parents/guardians to assist in determining school climate needs.

B. Obligations to Notify Others

1. Notice to parents/guardians/caregivers: Within 48 hours of receipt of the bullying complaint and before interviewing students, the Director(s)/Head of School or designee will notify the parents/guardians/caregivers of the target and the aggressor of the allegations. Upon completion of the investigation (not beyond five school days after the receipt of the complaint), the Director(s)/Head of School will notify the parents/guardians/caregivers of the target and the aggressor of the findings of the investigation and the procedures used in responding to the complaint. In order to ensure the safety of students and compliance with all BRCPS mandates and State laws, repeated allegations from parents/guardians/caregivers and/or no response from the Director(s) or designee will be forwarded to the Operational Leader the Head of School/School Superintendent for assistance for follow up.

2. Notice to Another School or District: If the reported incident involves students from more than one school district, charter school, nonpublic school, approved private special education day or residential school, or collaborative school, the Director(s)/Head of School or designee first informed of the incident will promptly notify by telephone the Director(s)/Head of School or designee of the other school(s) of the incident so that each school may take appropriate action. All communications will be in accordance with state and federal privacy laws and regulations and 603 CMR 23.00.

3. Notice to Law Enforcement: At any point after receiving a report of bullying or retaliation, including after an investigation, if the Director(s)/Head of School or designee has a reasonable basis to believe that criminal charges may be pursued against the aggressor, the Director(s)/Head of School shall consult with the Boston Police Department School Unit, and other individuals the Director(s)/Head of School or designee deems appropriate. Note that pursuant to 603 CMR 49.06(2), notification to law enforcement is not required in those situations in which the school leader determines that the bullying and retaliation can be handled appropriately within the school. Also, if an incident occurs on school grounds and involves a former student under the age of 21 who is no longer enrolled in school, the Director(s)/Head of School or designee shall contact the Boston Police Department School Unit for notification to law enforcement if they have a reasonable basis to believe that criminal charges may be pursued against the aggressor. In making this determination, the Director(s)/Head of School will, consistent with the Plan and with applicable school policies and procedures, consult with the Boston

Police Department School Unit and other individuals the Director(s)/Head of School or designee deems appropriate.

C. Investigation (see Attachment 1)

The Director(s)/Head of School or designee will promptly investigate all reports of bullying or retaliation and, in doing so, will consider all available information known, including the nature of the allegation(s) and the ages of the students involved.

During the investigation, with the consent from the parents/guardians/caregivers to proceed and/or in the presence of the parents/guardians/caregivers, the Director(s)/Head of School or designee will, among other things, interview students, staff, witnesses, and others as necessary. The Director(s)/Head of School or designee will remind the alleged aggressor, target, and witnesses that retaliation is strictly prohibited and will result in disciplinary action.

Interviews will be conducted by the Director(s)/Head of School or designee, and in consultation with the school counselor, as appropriate. To the extent practicable, and given his/her obligation to investigate and address the matter, the Director(s)/Head of School or designee will maintain confidentiality during the investigative process. The Director(s)/Head of School or designee will maintain a written record of the investigation and upon completion, shall file the Bullying Prevention Investigation Form or forward materials to gperry@brcps.school.

Procedures for investigating reports of bullying and retaliation will be consistent with BRCPS policies and procedures for investigations and for possible disciplinary action. If necessary, the Director(s) will consult with the designee/Bully Prevention Coordinator regarding consultation or appeals from families/caregivers and the Head of School/Superintendent should legal counsel pertaining to the investigation of the alleged report be necessary. (See Attachment 1 for more specifics.)

D. Determinations

The Director(s)/Head of School or designee will make a determination of bullying based upon the definition of bullying, the interviews with students, staff, and parents/guardians/caregivers. If, after investigation, bullying or retaliation is substantiated, the Director(s)/Head of School or designee will take steps reasonably calculated to prevent recurrence and to ensure that the target is not restricted in participating in school or in benefiting from school activities.

Within 5 days of receipt of the allegation, the Director(s)/Head of School or designee will:

1) determine what remedial action is required (e.g. Safety Plan, seating plan), if any, and 2) determine what responsive actions and/or disciplinary action is necessary if any, and 3) notify the parents/guardians/caregivers of the target and the aggressor about the results of the investigation and,

if bullying or retaliation is found, what action is being taken to prevent further acts of bullying or retaliation, and

4) submit the investigation and findings using the Bullying Prevention Investigation Form, and, if bullying was found, document in the BRCPS SIS.

Depending upon the circumstances, the Director(s)/Head of School or designee may choose to consult with the student’s teacher(s) and/or school counselor, and the target’s or aggressor’s parents/guardians/caregivers, to identify any underlying social or emotional issue(s) that may have contributed to the bullying behavior and to assess the level of need for additional social skills development.

All notices to parents/guardians/caregivers must comply with applicable state and federal privacy laws and regulations. Because of the legal requirements regarding the confidentiality of student records, the Director(s)/Head of School or designee cannot report specific information to the target’s parent or guardian about the disciplinary action taken unless it involves a “stay away” order or other directives that the target must be aware of in order to report violations.

For children with special needs the Director(s)/Head of School will review the child’s IEP to determine whether or not the child’s disability impacted or impacts their ability to comply with the Code of Conduct and/or this policy, and where appropriate, convene a team meeting to discuss and decide the appropriate determination which may include behavioral support services or other specialized services.

The Director(s)/Head of School or designee shall inform the parent or guardian of the target about the Department of Elementary problem resolution system and the process for accessing that system, regardless of the outcome of the bullying determination.

The Boston Renaissance Charter Public School will provide age-appropriate instruction on bullying prevention in each grade that is incorporated into the school's curricula. Curriculum and resources can be accessed through the BRCPS website www.bostonrenaissance.org/family-resources/ Effective instruction will include classroom approaches, whole-school initiatives, and focused strategies for bullying prevention and social skills development.

A. Specific bullying prevention approaches.

- Using scripts and role plays to develop skills;
- Empowering students to take action by knowing what to do when they witness other students engaged in acts of bullying or retaliation, including seeking adult assistance;
- Helping students understand the dynamics of bullying and cyberbullying, including the underlying power imbalance;
- Emphasizing cyber safety, including safe and appropriate use of electronic communication technologies;
- Enhancing students' skills for engaging in healthy relationships and respectful communications; and
- Engaging students in a safe, supportive school environment that is respectful of diversity and difference. Initiatives will also teach students about the student-related sections of the Bullying Prevention and Intervention Plan.

B. General teaching approaches that support bullying prevention efforts.

- To create a strong anti-bullying plan that will be enforced first and foremost by adults
- To build in learning about bullying in the curriculum (e.g., ELA, social studies, health classes)
- To empower bystanders who witness bullying activities so they will be more likely to intervene appropriately
- To promote acceptance, tolerance, and respect in order to improve the school climate to include all students in meaningful ways
- To help students and staff understand the definition of bullying – what it is and what it isn't (e.g., conflict, fighting, teasing)
- To recognize the dynamics and complexities involved in aggressor-target relationships
- To develop intervention programs that will reduce the prevalence of bullying behaviors and create a safe school climate that fosters positive learning experiences for all students
- To be creative in developing strategies to promote social competence for children who are aggressors, targets of bullying, and bystanders
- To develop ways to help students who are aggressors to find more socially acceptable ways of experiencing positive rewards
- To build an effective support system for protecting targets of bullying

The Boston Renaissance Charter Public School has incorporated a range of individualized strategies and interventions that may be used in response to remediate a student's skills or to prevent further incidents of bullying and/or retaliation. Combining and incorporating a Multi-Tiered System of Support (MTSS) and school-wide positive behavior interventions and supports (PBIS) focused on prevention services school-wide, creates a level change across the classroom and school. These changes not only improve behavioral outcomes but address and improve the academic and non-academic needs of all students, including students with disabilities.

Teaching Appropriate Behavior through Skills-Building

Upon the Director(s) or designee determining that bullying or retaliation has occurred, the law requires that the school or district use a range of responses that balance the need for accountability with the need to teach appropriate behavior. M.G.L. c. 71, § 37O. Skill-building approaches that the Director(s) or designee may consider include:

- providing relevant educational activities for individual students or groups of students, in consultation with school counselors and other appropriate school personnel;
- implementing a range of academic and nonacademic positive behavioral supports to help students understand prosocial ways to achieve their goals; meeting with parents/guardians/caregivers to support and to reinforce the anti-bullying curriculum and social skills building activities at home;
- adopting behavioral plans to include a focus on developing specific social skills; making a referral for evaluation.

Taking Disciplinary Action

If the Director(s)/Head of School or designee decides that disciplinary action is appropriate, the disciplinary action will be determined on the basis of facts found by the Director(s)/Head of School or designee, including the nature of the conduct, the age of the student(s) involved, a child's IEP where appropriate, and the need to balance accountability with the teaching of appropriate behavior. Discipline will be consistent with the Boston Renaissance Charter Public School Bullying Prevention and Intervention Plan and the Boston Renaissance Charter Public School Code of Conduct/student handbook. Discipline procedures for students with disabilities are governed by the federal Individuals with Disabilities Education Act (IDEA), which should be read in cooperation with state laws regarding student discipline. If the Director(s)/Head of School or designee determines that a student knowingly made a false allegation of bullying or retaliation, that student may be subject to disciplinary action consistent with the BRCPS Code of Conduct.

Promoting Safety for the Target and Others

The Director(s)/Head of School or designee(s) will consider what adjustments (including a safety plan) are needed in the school environment to enhance the target's sense of safety and that of others as well. Within a reasonable period of time following the determination and the ordering of remedial and/or disciplinary action, the Director(s)/Head of School or designee will contact the target to determine whether there has been a recurrence of the prohibited conduct and whether additional supportive

measures are needed. If so, the Director(s)/Head of School or designee will work with appropriate school staff to implement them immediately.

COLLABORATION WITH PARENTS/GUARDIANS/CAREGIVERS

The Boston Renaissance Charter Public School Bullying Prevention and Intervention Plan includes strategies to engage and collaborate with students' parents/guardians/caregivers in order to increase the capacity of our school as well as to prevent and respond to bullying. Resources for parents/guardians/caregivers and communication with them are essential aspects of effective collaboration. The bullying prevention and intervention curriculum used by the school and made available to parents/guardians/caregivers shall include information about:

- (i) how parents/guardians/caregivers can reinforce the curriculum at home and support the school or district plan;
- (ii) the dynamics of bullying; and
- (iii) online safety and cyberbullying.

Parents/guardians/caregivers will also be notified in writing each year about the student-related sections of the Boston Renaissance Charter Public School Bullying Prevention and Intervention Plan.

The School will collaborate with School Site Councils, and parent organizations to create parent/guardians/caregivers resources and information networks. The School will join with these parent/guardian/caregiver groups to offer education programs for them that are focused on the parent/guardian/caregiver components of the anti-bullying curriculum and any social competency curriculum used by the school.

The School will annually inform parents/guardians/caregivers of enrolled students about the anti-bullying curriculum that is being used. This notice will include information about the dynamics of bullying, including cyberbullying and online safety. The school will send parents/guardians/caregivers written notice each year about the student-related sections of the Boston Renaissance Charter Public School Bullying Prevention and Intervention Plan and the Boston Renaissance Charter Public School Internet Acceptable Use Policy.
